2015 Giro d'Hero Itinerary – Day Rides

Please Note:

Tour guides and on-route tech support will be provided by our professional Tour Crew throughout the duration of each day's ride. Your Tour Director will be Ian Lobb.

Our Tour Crew will transport your bikes back to each day's starting point, and a bus shuttle will be provided. You are more than welcome to arrange your own pick-up at the finish point if you would prefer.

Riders are encouraged to bring to registration a bag of clothing or anything else you might need post-ride, so that our Tour Crew may have it waiting for you at the finish.

On-route lunches and refreshments will be provided each day, with a post-ride BBQ hosted at the finish site.
